# **Independent Auditors' Review Report**

To the Board of Directors of Arcadyan Technology Corporation:

#### Introduction

We have reviewed the accompanying consolidated balance sheets of Arcadyan Technology Corporation and its subsidiaries as of June 30, 2022 and 2021, and the related consolidated statements of comprehensive income for the three months and six months ended June 30, 2022 and 2021, as well as the changes in equity and cash flows for the six months ended June 30, 2022 and 2021, and notes to the consolidated financial statements, including a summary of significant accounting policies. Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China. Our responsibility is to express a conclusion on the consolidated financial statements based on our reviews.

#### **Scope of Review**

Except as explained in the Basis for Qualified Conclusion paragraph, we conducted our reviews in accordance with Statement of Auditing Standard 65, "Review of Financial Information Performed by the Independent Auditor of the Entity". A review of the consolidated financial statements consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the generally accepted auditing standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for Qualified Conclusion**

As stated in Note (4)(b), the consolidated financial statements included the financial statements of certain nonsignificant subsidiaries, which were not reviewed by independent auditors. These financial statements reflect total assets amounting to \$504,530 thousand and \$1,000,354 thousand, constituting 1% and 3% of consolidated total assets as of June 30, 2022 and 2021, respectively, total liabilities amounting to \$193,012 thousand and \$196,895 thousand, both constituting 1% of consolidated total liabilities as of June 30, 2022 and 2021, respectively, and total comprehensive income (loss) amounting to (4,549) thousand, 4,057 thousand, (2,404)thousand and 10,276 thousand, constituting (1)%, 1%, 0% and 1% of consolidated total comprehensive income for the three months and six months ended June 30, 2022 and 2021, respectively.

#### **Qualified Conclusion**

Except for the adjustments, if any, as might have been determined to be necessary had the financial statements of certain consolidated subsidiaries described in the Basis for Qualified Conclusion paragraph above been reviewed by independent auditors, based on our reviews, nothing has come to our attention that causes us to believe that the accompanying consolidated financial statements do not present fairly, in all material respects, the consolidated financial position of Arcadyan Technology Corporation and its subsidiaries as of June 30, 2022 and 2021, and of its consolidated financial performance for the three months and six months ended June 30, 2022 and 2021, as well as its consolidated cash flows for the six months ended June 30, 2022 and 2021 in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and International Accounting Standard 34, "Interim Financial Reporting" endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

The engagement partners on the reviews resulting in this independent auditors' report are Szu-Chuan Chien and Yi-Wen Wang.

#### Notes to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with the accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to review such consolidated financial statements are those generally accepted and applied in the Republic of China.

The independent auditors' review report and the accompanying consolidated financial statements are the English translation of the Chinese version prepared and used in the Republic of China. If there is any conflict between, or any difference in the interpretation of the English and Chinese language independent auditors' review report and consolidated financial statements, the Chinese version shall prevail.

## ARCADYAN TECHNOLOGY CORPORATION AND SUBSIDIARIES

## Notes to the Consolidated Financial Statements

## June 30, 2022 and 2021

#### (Expressed in thousand dollars of TWD, Unless Otherwise Specified)

#### (1) Company history

Arcadyan Technology Corporation (the "Company") was incorporated in May 9, 2003 and merged with BroadNet Technology, Inc. on May 1, 2006.

The consolidated financial statements of the Company as of June 30, 2022 comprise the Company and its subsidiaries (together referred to as the "Group") and the Company's interest in associates. The Company is primarily engaged in the research, development, manufacture and sale of wireless networking products, integrated access devices, digital home multimedia appliances, mobile broadband products and wireless audio and video products. Please refer to note (4) (b) for related information of the Group primary business activities.

### (2) Approval date and procedures of the consolidated financial statements:

These consolidated financial statements were authorized for issuance by the Board of Directors on August 10, 2022.

#### (3) New standards, amendments and interpretations adopted:

(a) The impact of the International Financial Reporting Standards ("IFRSs") endorsed by the Financial Supervisory Commission, R.O.C. which have already been adopted.

The Group has initially adopted the following new amendments, which do not have a significant impact on its consolidated financial statements, from January 1, 2022:

- Amendments to IAS 16 "Property, Plant and Equipment-Proceeds before Intended Use"
- Amendments to IAS 37 "Onerous Contracts-Cost of Fulfilling a Contract"
- Annual Improvements to IFRS Standards 2018–2020
- Amendments to IFRS 3 "Reference to the Conceptual Framework"
- (b) The impact of IFRS issued by the FSC but not yet effective

The Group assesses that the adoption of the following new amendments, effective for annual period beginning on January 1, 2023, would not have a significant impact on its consolidated financial statements:

- Amendments to IAS 1 "Disclosure of Accounting Policies"
- Amendments to IAS 8 "Definition of Accounting Estimates"

- Amendments to IAS 12 "Deferred Tax related to Assets and Liabilities arising from a Single Transaction"
- (c) The impact of IFRS issued by IASB but not yet endorsed by the FSC

The following new and amended standards, which may be relevant to the Group, have been issued by the International Accounting Standards Board (IASB), but have yet to be endorsed by the FSC:

| Standards or<br>Interpretations   | Content of amendment   | Effective date per<br>IASB |
|---|--|----------------------------|
| Amendments to IAS 1<br>"Classification of Liabilities<br>as Current or Non-current" | The amendments aim to promote<br>consistency in applying the requirements<br>by helping companies determine whether,<br>in the statement of balance sheet, debt and<br>other liabilities with an uncertain<br>settlement date should be classified as<br>current (due or potentially due to be settled<br>within one year) or non-current. The<br>amendments include clarifying the<br>classification requirements for debt a<br>company might settle by converting it into<br>equity. | January 1, 2023            |

The Group is evaluating the impact of its initial adoption of the abovementioned standards or interpretations on its consolidated financial position and consolidated financial performance. The results thereof will be disclosed when the Group completes its evaluation.

The Group does not expect the following other new and amended standards, which have yet to be endorsed by the FSC, to have a significant impact on its consolidated financial statements:

- Amendments to IFRS 10 and IAS 28 "Sale or Contribution of Assets Between an Investor and Its Associate or Joint Venture"
- IFRS 17 "Insurance Contracts" and amendments to IFRS 17 "Insurance Contracts"
- Amendments to IFRS 17 "Initial Application of IFRS 17 and IFRS 9 Comparative Information"

#### (4) Summary of significant accounting policies:

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with the preparation and the guidelines of IAS 34 "Interim Financial Reporting" which are endorsed and issued into effect by the FSC. These consolidated financial statements do not include all of the information required by the Regulations and International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations and SIC Interpretations endorsed by the FSC (hereinafter referred to as the IFRS endorsed by the FSC) for a complete set.

Except as described in the following paragraph, the significant accounting policies used in the interim financial statement are consistent with the consolidated financial statement for the year ended December 31, 2021. For related information, please refer to note (4) of the consolidated financial statement for the year ended December 31, 2021.

Note 1: It is a non-major subsidiary and its financial statements have not been reviewed by the auditors. Note 2: The company had been resolved by the Board of Directors to be dissolved and liquidated on October 28, 2021. Note 3: The subsidiary was incorporated on March 25, 2021.

#### (c) Income Taxes

The income tax expenses have been prepared and disclosed in accordance with paragraph B12 of International Financial Reporting Standards 34, Interim Reporting.

Income tax expenses for the period are best estimated by multiplying pre-tax income for the interim reporting period using the effective annual tax rate as forecasted by the management. This should be recognized fully as tax expense for the current period.

Temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their respective tax bases shall be measured based on the tax rates that have been enacted or substantively enacted at the time of the asset or liability is recovered or settled, and be recognized directly in equity or other comprehensive income as tax expense.

#### (d) Employee benefits

The pension cost in the interim period was calculated and disclosed on a year-to-date basis by using the actuarially determined pension cost rate at the end of the prior fiscal year, adjusted for significant market fluctuations since that time and for significant curtailments, settlements, or other significant one-time events.

#### (5) Significant accounting assumptions and judgments, and major sources of estimation uncertainty:

The preparation of the consolidated financial statements in conformity with the Regulations and IFRSs (in accordance with IAS 34 "Interim Financial Reporting" and endorsed by the FSC) requires management to make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates.

The preparation of the consolidated interim financial statements, estimates and underlying assumptions are reviewed on an ongoing basis which are in conformity with the consolidated financial statements for the year ended December 31, 2021. For related information, please refer to note (5) of the consolidated financial statements for the year ended December 31, 2021.

### (6) Explanation of significant accounts:

Except for the following disclosures, there were no significant differences in the disclosures of significant accounts between the interim consolidated financial statements for the current period and the 2021 annual consolidated financial statements. Please refer to Note (6) of the 2021 annual consolidated financial statements.

The Group has assessed a portion of its accounts receivable that were held within a business model whose objective is achieved by collecting contractual cash flows and selling financial assets; therefore, such accounts were measured at fair value through other comprehensive income.

The Group applies the simplified approach to provide for its expected credit losses, i.e. the use of lifetime expected loss provision for all receivables. To measure the expected credit losses, notes and accounts receivables have been grouped based on shared credit risk characteristics and the days past due, as well as incorporated forward looking macroeconomic information. The expected credit losses as of June 30, 2022, December 31 and June 30, 2021 were determined as follows:

|                    |               | June 30, 2022 |                             |                                   |                                |                    |

As of June 30, 2022, December 31 and June 30, 2021, the Group did not provide any aforementioned notes and accounts receivable as collaterals.

The Group entered into accounts receivable factoring agreements with banks. Based on the agreements, the Group is not responsible for guaranteeing the ability of the accounts receivable of the obligor to make payment when it is affected by credit risk. Thus, this is deemed as a non-recourse accounts receivable factoring. After the transfer of the accounts receivable, the Group can request for the partial advances stipulated in the agreements, while the interest calculated at an agreed rate is paid to the bank for the period during the time of receiving advances and the accounts receivable is collected. The remaining amounts are received when the accounts receivable are paid by the customers.

As of June 30, 2022, the Group has not transferred accounts receivable. As of December 31 and June 30, 2021, there were unreceived balances of transferred accounts receivable amounted to \$958 thousand and \$32,538 thousand, respectively, which were recognized under other receivables. The details of the derecognized account receivables were as follows:

The related information can be accessed through the Market Observation Post System website.

(iii) Retained earnings

The Company's article of incorporation stipulates that Company's net earnings due should first be used to offset the prior years' deficits, if any, before paying any income taxes. Due of the remaining balance, 10% is to be appropriated as legal reserve. The legal reserve can be exempted if it equals to the paid-in capital, besides, special reserves are supposed to be set aside or reversed in accordance with the relevant regulations or as required by the authorities. And then any remaining profit together with any undistributed retained earnings shall be distributed according to the distribution plan approved by the Board of Directors.

The retained earnings distributed to stockholders by cash should be approved by the Board of Directors which is authorized by the Company's article of incorporation. The Company authorizes the Board of Directors with two-thirds or more of attendance, and over half of those to approve issuing all or part of cash dividends, capital surplus or legal reverse by cash, and report such distribution to the stockholders' meeting.

According to the Company's dividend stabilization policy, the type of dividends should be determined after considering the business environment, operating performance, financial structure, etc. If there is any year-end retained earnings to be distributed to stockholders, the dividend and bouns shall not be lower than 30% of the net income and the cash dividends to stockholders shall not be lower than 10% of total dividends.

#### (v) Remuneration to employees and directors

Based on the Company's articles of incorporation, if there is any profit before tax prior to deduction of the remuneration of employees and directors in a fiscal year, it shall be distributed to employees as remuneration in an amount of not less than five percent (5%) and to directors as remuneration in an amount of not more than two percent (2%) of such profits. In the event that the Company has accumulated losses, the Company shall reserve an amount to offset its accumulated losses. Employees who are entitled to receive the above-mentioned employee remuneration, in share or cash, include the employees serve in the subsidiaries of the Company who meet certain specific requirements.

The employee remuneration amounted to \$71,871, \$66,026, \$135,911 and \$146,745 for the three months and six months ended June 30, 2022 and 2021, respectively. The remuneration of directors amounted to \$3,954, \$3,692, \$7,556 and \$8,044 for the three months and six months ended June 30, 2022 and 2021, respectively.

The estimated amounts mentioned above are based on the net profit before tax prior to deduction of the remuneration to employees and directors of each respective ending period, multiplied by the percentage of remuneration to employees and directors which is proposed by the management team of the Company as a basis of estimation. The estimations were recorded under operation cost or operating expenses for each period. The differences between the actual amounts and the estimate recognized in the financial statements, if any, are accounted for as changes in accounting estimates and recognized as profit or loss in the distribution year. If the Board of Directors approve to distribute employee remuneration in the form of stock, the number of the shares of the employee remuneration is determined based on the closing price of the day before the Board of Directors meeting.

The Company accrued and recognized its employee remuneration of \$309,470 and \$262,880, and directors' remuneration of \$16,806 and \$16,876 for the years ended December 31, 2021 and 2020, respectively. There were no differences between the amounts approved by the Board of Directors and those recognized in the financial statements, and the related information can be accessed through the Market Observation Post System website.

### (w) Financial instruments

Except for those described below, there were no significant changes on fair value, credit risk, liquidity risk and market risk of the Group's financial instruments. Please refer to note (6)(w) of the 2021 annual consolidated financial statements for related information.

(i) Credit risk

For credit risk exposure of notes and accounts receivable, please refer to note (6)(e).

Other financial assets at amortized cost include other receivables and time deposits. These financial assets are considered to have low credit risk, and thus, the impairment provision recognized during the period was limited to 12 months expected losses. Besides, due to the counterparties of the time deposits held by the Group are financial institutions with investment grade and above credit ratings, these time deposits are considered to have low credit risk.

The movement of loss allowance provision for the six months ended June 30, 2022 and 2021 were as follows:

|                            | Other receivables |     |  |  |

#### Sensitivity analysis 2)

The Group's exposure to foreign currency risk arises from the translation of the foreign currency exchange gains and losses on cash and cash equivalents, notes and accounts receivable (including related parties), other receivables (including related parties), shortterm borrowings, notes and accounts payable and other payables (including related parties) that are denominated in foreign currency. The analysis assumes that all other variables remain constant. A strengthening (weakening) 5% of each foreign currency against the functional currency on June 30, 2022 and 2021 would have affected the net income before tax as follows. The analysis is performed on the same basis for both periods:

|                       | Jur | ne 30, 2022 | June 30, 2021 |  |

| Weakening 5%          |     | (20,225)    | 112,756       |  |
| EUR (against the TWD) |     |             |               |  |
| Strengthening 5%      |     | 35,920      | 67,415        |  |
| Weakening 5%          |     | (35,920)    | (67,415)      |  |

#### 3) Exchange gains and losses of monetary items

As the Group deals with diverse foreign currencies, gains or losses on foreign exchange were summarized as a single amount. For the three months and six months ended June 30, 2022 and 2021, the foreign exchange gain (loss) (including realized and unrealized portions) amounted to \$37,044, \$(26,909), \$85,750 and \$(124,032), respectively.

Unit: thousands of foreign currency

#### (iv) Interest rate analysis

The Group's risk exposure to financial assets and liabilities for interest rate were as follows:

|                                     |            | <b>Carrying amount</b> |               |  |  |  |

|                                     | \$ <u></u> | 332,434                | 3,051,450     |  |  |  |
| Variable rate financial instrument: |            |                        |               |  |  |  |
| Financial assets                    | \$         | 4,533,071              | 2,224,808     |  |  |  |

The following sensitivity analysis is based on the risk exposure to interest rate for the nonderivative financial instruments on the reporting date. Regarding the assets and liabilities with variable interest rates, the analysis is on the basis of the assumption that the amount of assets and liabilities outstanding at the reporting date were outstanding throughout the whole year. The rate of change reporting to management internally is expressed as the interest rate increase or decrease by 0.25%, which also represents management of the Group's assessment on the reasonably possible interval of interest rate change.

If the interest rate had increased or decreased by 0.25%, assuming all other variables remaining constant, the net profit before tax would have increased or decreased by \$5,666 and \$2,781 for the six months ended June 30, 2022 and 2021, respectively, which would be mainly resulted from the bank deposits with variable interest rates.

- (v) Fair value
  - 1) The categories of financial instruments and fair value

The fair value of financial assets and liabilities at fair value through profit or loss, financial instruments used for hedging are measured on a recurring basis. The carrying amount and fair value of the Group's financial assets and liabilities, including the information on fair value hierarchy were as follows. However, for financial instruments not measured at fair value whose carrying amount is reasonably close to the fair value, and lease liabilities, disclosure of fair value information is not required.

2) Valuation techniques for financial instruments not measured at fair value

The Group's estimates financial instruments that not measured at fair value by methods and assumptions as follows:

a) Financial assets and financial liabilities measured at amortized cost

If there is quoted price generated by transactions, the most recent transaction price and quoted price data is used as the basis for fair value measurement. However, if no quoted prices are available, the discounted cash flows are used to estimate fair values.

- 3) Valuation technique for financial instruments measured at fair value
  - a) Non-derivative financial instruments

Financial instruments trade in active markets are based on quoted market prices. The quoted price of a financial instrument obtained from main exchanges and onthe-run bonds from Taipei Exchange can be used as a basis to determine the fair value of the listed companies' equity instrument and debt instrument of the quoted price in an active market.

Fair value measured by a valuation technique can be extrapolated from similar financial instruments, the discounted cash flow method, or other valuation technique including a model using observable market data at the reporting date.

The Group holds the unquoted equity investments of financial instruments without an active market. The measurement of fair value of the equity instruments is based on the Guideline Public Company method, which mainly assumes the evaluation by the price to book value ratio of similar public company and by the discount for lack of marketability. The estimation has been adjusted by the effect resulting from the discount for lack of marketability of the securities.

b) Derivative financial instruments

Measurement of fair value of derivative instruments is based on the valuation techniques that are generally accepted by the market participants. For instance, discount method or option pricing models. Fair value of forward contracts is usually determined by using the forward exchange rate.

4) Transfers between Level 1 and Level 2

There was no transfer from level 2 to level 1 for the six months ended June 30, 2022 and 2021.

6) Quantified information on significant unobservable inputs (Level 3) used in fair value measurement

The Group's financial instruments that use Level 3 inputs to measure fair value include "financial assets measured at fair value through profit or loss – investments in private equity fund" and "financial assets measured at fair value through other comprehensive income – equity investments".

Most of fair value measurements categorized within Level 3 use the single and significant unobservable inputs. Equity investments without an active market contains multiple significant unobservable inputs. The significant unobservable inputs of the equity instruments are independent from each other, as a result, there is no relevance between them.

Quantified information of significant unobservable inputs were as follows:

| Item                     | Valuation technique | Significant<br>unobservable inputs  | Inter-relationship<br>between significant<br>unobservable inputs<br>and fair value<br>measurement       |

7) Fair value measurements in Level 3 – Sensitivity analysis of reasonably possible alternative assumptions

The Group's fair value measurement in financial instruments is reasonable. However, the measurement would be different if different valuation models or parameters are adopted. For fair value measurements in Level 3, if the valuation parameters changed, the impacts on profit or loss or other comprehensive income (loss) are as follows:

|  | Move up or                                 |      | Other comprehensive income |           |             |  |

The favorable and unfavorable effects represent the changes in fair value, and fair value is based on a variety of unobservable inputs calculated using a valuation technique. The analysis above only reflects the effects of changes for a single input, and it does not consider the interrelationships and variability with another inputs.

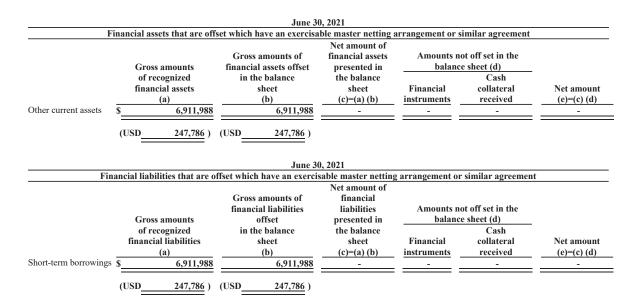

8) Offsetting financial assets and financial liabilities

The Group has financial instruments transactions applicable to the International Financial Reporting Standards No.32 Sections 42 endorsed by the FSC which requested for offsetting. Financial assets and liabilities relating to those transactions are recognized in the net amount of the balance sheets.

The following tables present the aforesaid offsetting financial assets and financial liabilities.
